

Mainstreet RIA LLC

Client Relationship Summary – Form CRS

Is an Investment Advisory Account Right for You?

There are different ways you can get help with your investments. You should carefully consider which types of accounts and services are right for you.

Item 1. Introduction

Mainstreet RIA LLC (“Mainstreet”, “Firm”, “We”, “Us”, “Our”) is an investment advisor and provides advisory services for a fee rather than for brokerage commissions. As a retail investor, it is important to understand the differences between services and fees of an investment advisor and a broker-dealer. *Investor.gov/CRS* offers free and simple tools to research firms and financial professionals. Additionally, it also provides educational materials about broker-dealers, investment advisors, and investing.

Item 2. Relationships and Services

What investment services and advice can you provide me?

We offer the following investment advisory services to you:

Asset Management: We will offer you advice on a regular basis. We will discuss your investment goals, design with you a strategy to achieve your investment goals, and regularly monitor your account. We will monitor your account on a discretionary basis (we can buy and sell investments in your account without asking you in advance per the Advisor Authorizations you agreed to in your account application). We do not limit advisors to proprietary products or a limited menu of products and types of investments. This service will continue pursuant to the terms of the executed Advisory Agreement. Mainstreet requires a minimum of \$250,000 to open an account.

If deemed appropriate, and mutually agreed upon, we may hire a Sub-Advisor to manage a portion of, or your entire account. In these circumstances, we will continue to monitor the activity of the Sub-Advisor to ensure they are the best fit for your needs.

Participant Services: We offer general advice and education to plan participants on their retirement accounts. This service will continue pursuant to the terms of the executed Advisory Agreement.

Qualified Plans: We advise, help and assist plan sponsors with their investment decisions on a non-discretionary and discretionary basis. Plans are monitored on an ongoing basis. We have a fiduciary duty to act in the best interest of the Client. The plan sponsor is still ultimately responsible for the decisions made in their plan for non-discretionary account, though using us can help the plan sponsor delegate liability by following a diligent process. For discretionary accounts we are solely responsible and liable for the selection, monitoring and replacement of the plan’s investment options on an ongoing basis.

ERISA Services: We serve as a limited scope ERISA 3(21) Fiduciary that can advise, help and assist plan sponsors with their investment decisions on a non-discretionary basis. Plans are monitored on an ongoing basis. We have a fiduciary duty to act in the best interest of the Client. The plan sponsor is still ultimately responsible for the decisions made in their plan, though using us can help the plan sponsor delegate liability by following a diligent process.

We act as an ERISA 3(38) Investment Manager where we offer discretionary management and control of a given retirement plan’s assets. We are solely responsible and liable for the selection, monitoring and replacement of the plan’s investment options on an ongoing basis.

Additional Information

For more information about our services, we recommended reading our ADV Part 2A Items 4, 5,10.

“Given my financial situation, should I choose an investment advisory service? Why or why not?”

“How will you choose investments to recommend to me?”

“What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?”

Item 3. Fees, Costs, Conflicts and Standard of Conduct

What fees will I pay?

We are paid for our services as follows:

Asset Management/Participant Services/Qualified Plans: The amount paid to our firm and your financial professional generally does not vary based on the type of investments selected on your behalf. The asset-based fee/flat fee reduces the value of your account and will be generally deducted from your account. Some investments (such as mutual funds and variable annuities) impose additional fees that will reduce the value of your investment over time. Also, with certain investments such as variable annuities, you may have to pay fees such as “surrender charges” to sell the investment. Fees are billed monthly in

arrears. Our fees vary and are negotiable. Generally, the more assets you have in the advisory account, the more you will pay in total fees. We therefore have an incentive to increase the assets in your account in order to increase our fees. You may also pay a transaction fee when we buy and sell an investment for you but we are not compensated on this. You will also pay fees to a broker-dealer or bank that will hold your assets (called “custody”). You pay our advisory fee even if there were not transactions within the account.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more information regarding our fees and costs, review ADV Part 2A Item 5.

ERISA Services: The amount paid to our firm and your financial professional generally does not vary based on the type of investments selected on your behalf. “Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?”

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

Commissions: Our firm and our associated persons may receive commissions from the sale of insurance products and services. This conflict is mitigated by our fiduciary duty and adherence to our code of ethics. When referring clients to purchase insurance, the client’s best interest will be the main determining factor.

Conversation Starters

“How might your conflicts of interest affect me, and how will you address them?”

Additional Information

For more information about our conflicts of interest, we recommend reading our ADV Part 2A, Items 4 and 10.

How do your financial professionals make money?

Our financial services professionals are compensated

- A percentage of the assets they manage
- on a portion of the total advisory fees received by us

This is a conflict of interest because our financial professionals have an incentive to encourage you to increase your assets in your accounts, recommend our advisory services to you, and recommend you purchase investments that result in additional compensation to them. For more information about our conflicts of interest, we recommend reading our ADV Part 2A, Items 4 and 10.

Item 4. Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

No, please visit [Investor.gov/CRS](https://www.investor.gov/CRS) for a free and simple search tool to research Mainstreet and our financial professionals.

Conversation Starters

“As a financial professional, do you have any disciplinary history? For what type of conduct?”
